**ANGLE GRINDER**

**RCG-AG-801**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:900W
No load speed	:11000r/min
Disc diameter	:100mm

**900W/100MM 10PCS**

**PRODUCT DESCRIPTION**

- This Angle grinder, ergonomic power tool is equipped with a strong handle to provide a firm grip while handling or working with the tool.
- This Machine is designed for grinding, cutting, and polishing metal, stone, and other materials.
- This Product is designed for heavy-duty applications, perfect for woodwork and home use. It is stronger than usual.

**ANGLE GRINDER**

**RCG-AG-6100**

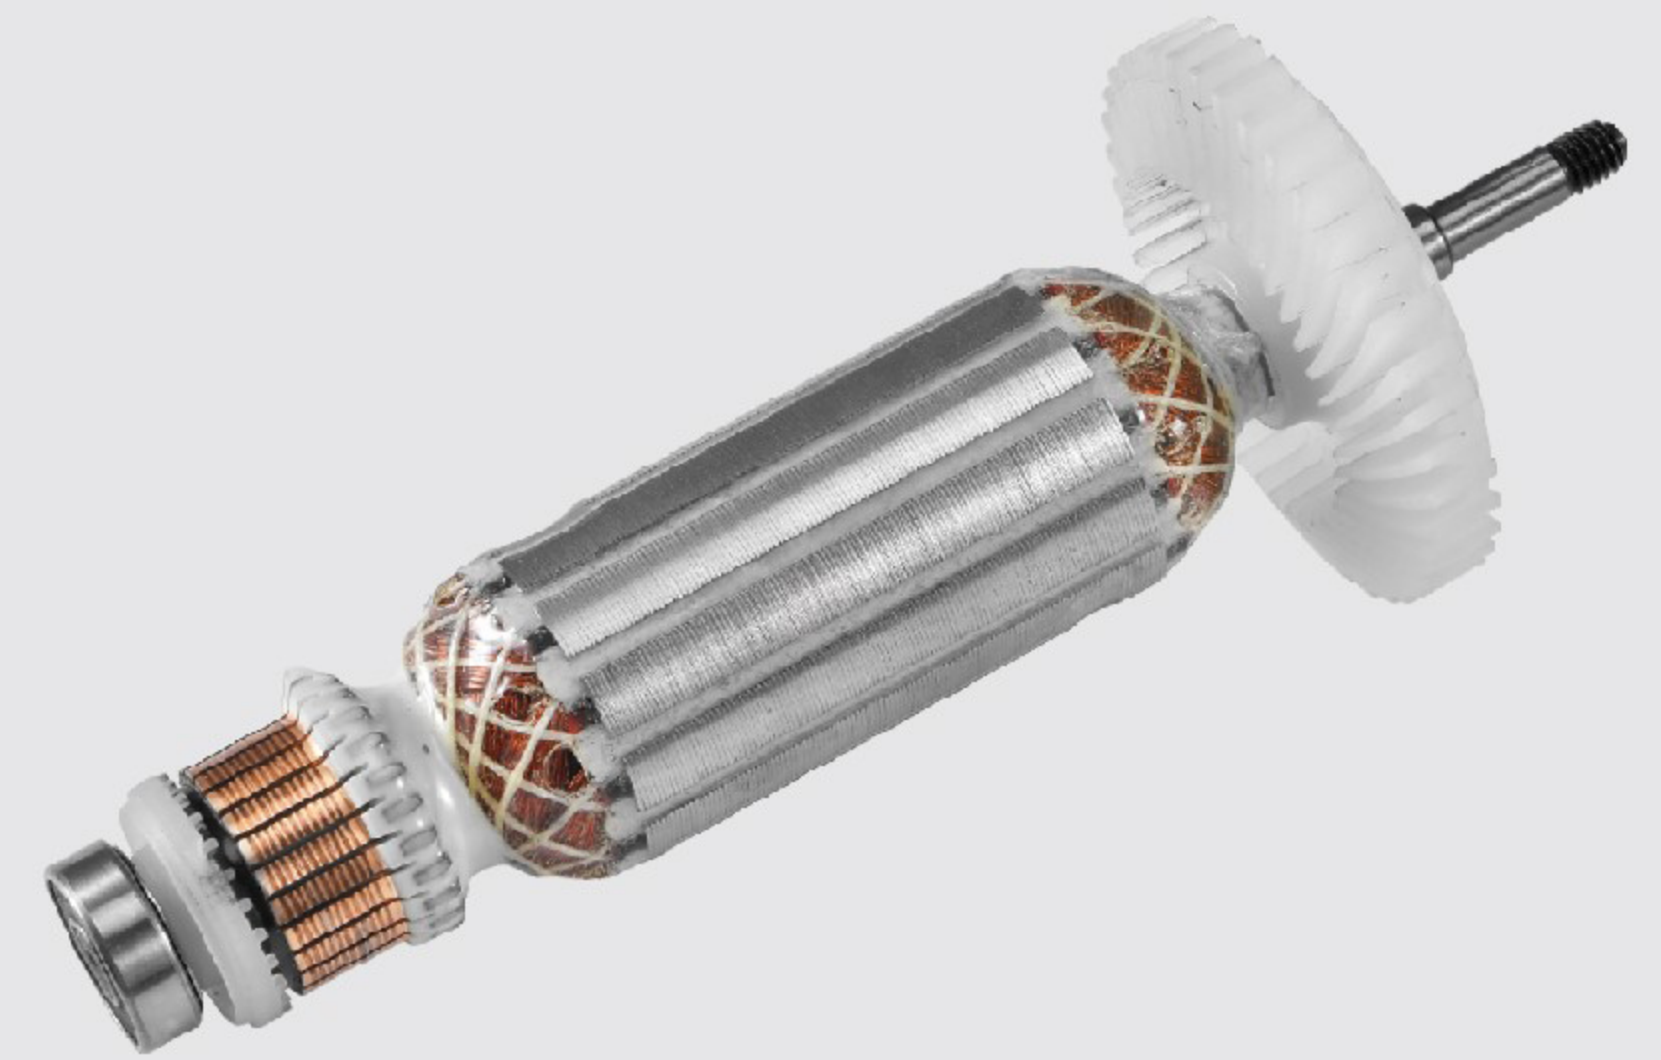

Rated voltage/frequency	:220-240~50/60Hz
Input power	:800W
No load speed	:11000r/min
Disc diameter	:100mm

**800W/100MM 10PCS**

**PRODUCT DESCRIPTION**

- The Machine is designed with a compact and ergonomic design that reduces fatigue and strain during extended use.
- The Machine is built to last, with a robust construction and durable materials that can withstand heavy use.
- This Angle grinder is easy to use, compact design & also complete the all jobs in less time period.

**HIGH STRENGTH ENLARGED MOTOR**

**25%**  
More power

**50%**  
More operating time

**100%**  
More servicelife

- More power
- Longer operating times
- Longer service life
- More compact design

**ANGLE GRINDER**

**RCG-AG-125**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:1300W
No load speed	:11000r/min
Disc diameter	:125mm

**1300W/125MM 4PCS**

**PRODUCT DESCRIPTION**

- Powerful angle grinder machine for home use with a 5 inch (125mm) Cutting Wheel Size.
- 1300 Watts No Load Speed of 11000 RPM ideal for grinding, polishing and cutting in home environment.
- This Grinder is ideal for grinding metal, stone, granite or for cutting metal sheets. It offers smooth usage and faster results with it's three position side handle.

**MARBLE CUTTER**  
**RCG-MC-CM4SA**

**1250W/110MM 6PCS**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:1250W
No load speed	:11000r/min
Disc diameter	:110mm

**PRODUCT DESCRIPTION**

- It Has easy to adjust depth gauge that facilitates precise cut and allows users to cut at various depths.
- The Machine is designed with a compact and ergonomic design that reduces fatigue and strain during extended use.
- This Machine gives precise cutting due to low vibration of tool and disc that allows easy control for construction from RCG.

**MARBLE CUTTER**  
**RCG-MC-CM4SB**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:1450W
No load speed	:11000r/min
Disc diameter	:110mm

**1450W/110MM 6PCS**

**PRODUCT DESCRIPTION**

- The Simple and elegant design makes the holding comfortable while using it and the protective guard avoids wet dust accumulation.
- This Marble cutter is flexible, can cut straight, round, curved, diagonal, etc.
- The Locking button on the handle can be used to lock the speed and prevent hand fatigue by setting the speed to release your hand.

**MARBLE CUTTER**  
**RCG-MC-CM5**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:1800W
No load speed	:11000r/min
Disc diameter	:125mm

**1800W/125MM 4PCS**

**PRODUCT DESCRIPTION**

- Designed to work optimally with a 220-240V power supply, widely available in various settings.
- Suitable for a range of tasks including shaping, cutting, and sculpting marble and other stones.
- Engineered for user comfort and ease of handling for long usage.

**ELECTRIC DRILL**  
**RCG-DL-2310**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:500W
No load speed	:11000r/min
Drill diameter	:10mm

**500W/10MM 10PCS**

**PRODUCT DESCRIPTION**

- The electric drill is equipped with a robust 500W motor.
- The compact design of the drill machine makes it easy to handle and transport, suitable for both DIY enthusiasts and professionals.
- Some models may have overload protection to safeguard the motor from overheating during heavy-duty applications.

**ELECTRIC DRILL**  
**RCG-DL-10RF**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:600W
No load speed	:4800r/min
Drill diameter	:10mm

**600W/10MM 10PCS**

**PRODUCT DESCRIPTION**

- The drill machine features both forward and reverse operation modes, making it suitable for drilling, screw driving, and removing fasteners.
- The lock-on button feature allows for continuous drilling without the need to continuously press the trigger, enhancing user convenience.
- It is easy to handle and transport.

**ELECTRIC DRILL**  
**RCG-DL-13RE**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:680W
No load speed	:4800r/min
Drill diameter	:13mm

**680W/13MM 10PCS**

**PRODUCT DESCRIPTION**

- Drilling or Hammering mode provides the power and speed to drill into masonry, steel and wood.
- Variable speed for fingertip control. Reverse brush system for forward and reverse.
- Ergonomic reversible hammer drill design with optimal grip positions, light weight and insulated.

**SCREWDRIVER**  
**RCG-DL-SD10B**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:300W
No load speed	:4800r/min
Drill diameter	:10mm

**300W/10MM 10PCS**

**PRODUCT DESCRIPTION**

- Forward/Reverse feature allows both tightening and loosening applications also you can adjust speed of driver.
- Compact size is for easy carry and storage, allows an access into tight places. Fits your hand perfectly, you can grip better to improve working efficiency.
- Ideal for furniture assembly, installation of mini blinds or other window coverings, and mounting of storage and decorative shelving.

**ROTARY HAMMER**  
**RCG-RH-2.20**

Rated voltage/frequency :220-240~50/60Hz  
 Input power :1800W  
 No load speed :900r/min  
 Drill diameter :20mm

**1800W/20MM 5PCS**

**PRODUCT DESCRIPTION**

- This Rotary Hammer comes with Hammering & Drilling Function along with reversible drill feature for your different needs.
- The Side handle is rotatable and detachable, allowing for customizable handling and convenient storage.
- The 20mm Hammer Drill is Ideal for both Home & Professional Masonry, Concrete, Natural Stone work, Metal, drilling anchors and fixing holes.

**ROTARY HAMMER**  
**RCG-RH-2.26**

Rated voltage/frequency :220-240~50/60Hz  
 Input power :2200W  
 No load speed :1100r/min  
 Drill diameter :26mm

**2200W/26MM 5PCS**

**PRODUCT DESCRIPTION**

- This Machine will make it an easy job no matter remove tiles or demolishing brickwork. And it is suitable for wood, masonry, concrete, brick and metal. etc
- Rotary Hammer drill adopt ergonomic design with Rubber and 360 degree adjust handle provides a comfortable use feeling .
- Soft Grip for comfortable and fatigue free use; Infinitely variable speed control for easy adjustment of speed.

**DEMOLITION HAMMER**  
**RCG-DH-0810**

Rated voltage/frequency :220-240~50/60Hz  
Input power :1500W  
No load speed :2900r/min

**1500W 3PCS**

**PRODUCT DESCRIPTION**

- Systemic Designing Provide minimum possible vibration for smooth and fast working.
- Front Handle can be turned 360 degrees for all-around use. Rear handle has a cosy rubber D-shape that reduces operator fatigue and absorbs vibration.
- This Machine is Perfect for demolition, trenching, chipping, breaking holes in block, brick, tile, stucco, and many more tasks.

**DEMOLITION HAMMER**  
**RCG-DH-0811**

Rated voltage/frequency :220-240~50/60Hz  
Input power :1800W  
No load speed :2900r/min

**1800W 3PCS**

**PRODUCT DESCRIPTION**

- Demolition Hammer for Hammering into and breaking Roads, Walls, Floors, Ceilings and any other hard concrete/ Brick surfaces.
- This Demolition Hammer machine has an ergonomic design and user-friendly mechanism with impressive features.
- The hammer pipe comes with an insulation area that reduces the chances of accidents and protects you when working on chipping applications.

**DEMOLITION HAMMER**  
**RCG-DH-0835**

Rated voltage/frequency :220-240~50/60Hz  
Input power :2000W  
No load speed :2900r/min

**2000W 3PCS**

**PRODUCT DESCRIPTION**

- 360°adjustable accessory handle and Ergonomic grip area applies to different work occasion.
- Perfect for breaking holes, trenching, chipping and demolition in concrete, block, brick, tile, stucco, oil chimney and much more!
- Powerful 2000 Watts motor delivers 2900r/min of impact energy for fast Chipping and Demolition Applications.

**DEMOLITION HAMMER**  
**RCG-DH-PH65A**

Rated voltage/frequency :220-240~50/60Hz  
Input power :2200W  
No load speed :2900r/min

**2200W 1PCS**

**PRODUCT DESCRIPTION**

- Heavy Blow Chipping Mechanism, Durable Tool Retainer & Adjustable Side Handle.
- Perfect for breaking holes, trenching, chipping and demolition in concrete, block, brick, tile, stucco, oil chimney and much more!
- Powerful 2200 Watts motor delivers 2900r/min of impact energy for fast Chipping and Demolition Applications.

**700W**  
**POWERFUL MOTOR**

**ELECTRIC BLOWER**  
**RCG-BL-EBC40**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:700W
No load speed	:16000r/min
Air flow	:2.8m <sup>3</sup> /min

**700W/2.8M<sup>3</sup>/MIN 8PCS**

**PRODUCT DESCRIPTION**

- The RCG air blower machine is the ideal choice! Powerful and efficient. This air blower a powerful 700W motor that delivers up to 16000rpm.
- This air blower makes an excellent cleaning job by blowing dust, impurities, dirt, waste away, leaving you with clean surfaces.
- This blower machine has a portable, handheld design with a long suction tube that makes it easy to operate.

**HEAT GUN**  
**RCG-HG-2000**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:2000W
No load speed	:16000r/min
Air flow	:1:250L/min

**2000W/1:250L/MIN 10PCS**

**PRODUCT DESCRIPTION**

- Ergonomically designed heat gun pistol grip handle with lock-on switch provides balance and comfort for prolonged use in home environments.
- It provides instant hot air with its superior performance and spherical nozzle.
- It offers a convenient and reliable solution for various applications & is excellent for stripping paint and a lot more.

**CHOPSAW**  
**RCG-CO-355D**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:3800W
No load speed	:3800r/min
Blade diameter	:355mm

**3800W/355MM 1PCS**

**PRODUCT DESCRIPTION**

- Accessible brushes to facilitate easy replacement. Usage to cut variously shaped steel materials.
- 3800W Heavy motor with safety clutch is designed to perform heavy duty work smoothly and safely.
- Especially for precise cutting applications it is highly efficient. This tool provides free one piece 14" Cutting Blade.

**CAR WASHER**  
**RCG-CW-200**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:2500W
No load speed	:2800r/min
Pressure	:200bar

**2500W/200BAR 2PCS**

**PRODUCT DESCRIPTION**

- 2500 Watts high pressure washer removes stubborn dirt, oil, junk, sticky dust with 200 bars high pressure quickly and easily.
- 12 Litres/min of water flow allows cleaning of large surface in lesser time.
- High-quality & high-performance motor effectively solves the problem of voltage heating.

**ELECTRIC VIBRATOR**  
**RCG-EV-35**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:900W
No load speed	:4500r/min
Vibrator diameter	:35mm

**900W/35MM 10PCS**

**PRODUCT DESCRIPTION**

- Hand Held Concrete Vibrator with Ergonomics Design Lock-on button for extended use, it can reduce your work pressure.
- Remove air bubbles and level concrete. Ideal for construction, patching, and other repair jobs.
- long shaft for easy use and long reach, enlarge your work range, 4500r/min, also improves your work efficiency.

**PAINT MIXER**  
**RCG-PM-160**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:1100W
No load speed	:800r/min
Max mixing laddle	:160mm

**1100W/160MM 5PCS**

**PRODUCT DESCRIPTION**

- This Paint Machine Has Two Side Handle With 360 Rotate Handle For Powerful Grip Making It Simple To use by painters.
- It has a Lock-In Button that allows the user to operate effortlessly all day long by simultaneously pushing the Start Button and the Lock Button.
- Powerful 1100 Watts motor complete the jobs in less time period.

**ELECTRIC PLANNER**  
**RCG-PL-82MM**

Rated voltage/frequency	:220-240~50/60Hz
Input power	:800W
No load speed	:11000r/min
Planning capacity	:82mm

**800W/82MM 4PCS**

**PRODUCT DESCRIPTION**

- The electric planner is equipped with a robust 800W motor.
- Variable cutting depth for faster material removal, large depth of cut control knob provides easy adjustment and acts as second handle for greater control.
- Ergonomic design provides comfort for 1 or 2 handed use, dust extraction for a healthier and cleaner work environment.

**Depth Adjustment Knob**

Precision Depth Adjustment (0-82mm)  
Planning Width 82mm  
Adjust Width with Parallel Guide

## **ELECTRIC CHAINSAW**

**RCG-EC-16-4016**

Rated voltage/frequency :220-240~50/60Hz

Input power :2000W

No load speed :405m/s

Sawing :16"

**2000W/16" 4PCS**

### **PRODUCT DESCRIPTION**

- High in performance with longer service life and require very less maintenance.
- 2000 W Electric motor starts within seconds for ease of use and reliable power.
- Easy to Handle, lighter in weight, Excellent power to weight ratio.

## **GASOLINE CHAINSAW**

**RCG-CS-62CC**

Displacement :62CC

Mixed oil ratio :3.0Kw

Max speed :12000r/min

Sawing :22"

**62CC/22" 2PCS**

### **PRODUCT DESCRIPTION**

- A Low-Vibration System and Kickback System to ensure safety.
- The ergonomic design paired with slip-free handle makes this chainsaw balanced, maneuverable, and comfortable to operate & more secure.
- It is easy to handle and transport.
